

K-Love is a valuable asset to my community, to my life. I listen to it daily, it helps to calm me when upset, brings me up if I'm down, and just allows me to enjoy each day to the fullest. Most of my friends and family also listen to K-Love regularly. It would be a great loss to the community if we could no longer access this wonderful station. K-Love presents a wonderful and positive message to its listeners. It would be a tremendous loss if we could no longer hear this station.
